Alerts by e-mail

Customized alerts by e-mail.

Researchers will receive **news in their e-mail as soon as they are published**, accessing **in real time** to last findings related to their research field as well as to papers published by other researchers in the same area.

In addition, **teachers** will be able to update recommended bibliography in accordance with citation format of the **American Psychological Association**.

And **students** will met a immediate and simple way to updating their favourite themes and **providing** in their papers **relevant references of recent publication**.

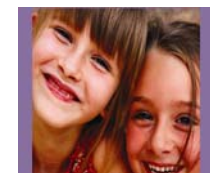

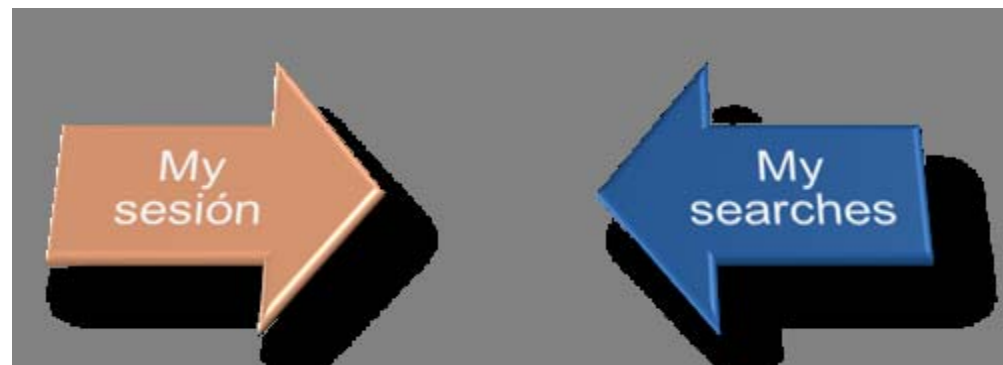

PSICODOC improves your searches

Now it is possible to obtain better results by combining previous searches. In addition, search results can be saved, replicated or be turned into alerts and/or RSS channels.

My session allows you to combine searches carried out during a session and save the most interesting results in order to use them in subsequent sessions.

My searches makes access to saved searches easier, so you can use them in current session, turn them into alerts and/or RSS channels.

Your authentication in PSICODOC will allow you to access your favourite searches and alerts. The first time you must click on “My PSICODOC” and select “New user”. Next time, you just need to log in after clicking on “My PSICODOC”.

My session:

You will be automatically able to save, combine and/or turn into alerts any of your searches of the session in progress.

The screenshot shows the Psicodoc website interface. At the top right, there is a user profile icon labeled 'My Psicodoc' and a 'Setup' button with a green checkmark. Below this is a navigation bar with tabs for 'Search', 'Search results', and 'Record'. Under the 'Record' tab, there are three buttons: 'My searches', 'My session', and 'Easy search'. The 'My session' button is highlighted with a dashed blue box, and a blue arrow points from it to the text above. Below the navigation bar, there is a search input field with the label 'Search', a 'Search' button with a green checkmark, and a 'Delete fields' button with a red eraser icon. There is also a checkbox labeled 'Only Full-text'.

Alerts

When saving a search with alert, you will receive in your e-mail monthly bibliographic news.

The screenshot shows the Psicodoc website interface. At the top right, there is a user profile for 'wally2011' with a 'Logout' link and a 'Setup' button. Below this is a navigation bar with 'Search', 'Search results', and 'Record' buttons. A blue dashed line points from the 'Alerts' text to the 'Search alert' button in the navigation bar. Below the navigation bar is a yellow banner with 'Save searches', 'Search alert', 'RSS search', 'My session', and 'Help' links. The main content area shows search results for 'ASERTIVIDAD Y PROGRAMAS\$' with 77 results found. The results are sorted by 'Year' in 'descending' order. The first result is 'El papel de la asertividad sexual en la sexualidad humana: una revisión sistemática' by Santos Iglesias, Pablo; Sierra Freire, Juan Carlos, published in the 'International Journal of Clinical and Health Psychology' in 2010. The result has a rating of five stars and a link to the full text (ES). On the left side, there is a sidebar titled 'Narrow results by' with a sub-section for 'Authors' listing several authors and their respective number of results.

Mark the saved search in order to receive alerts.
